

# *Budget Unit Brief*

## FY 2017

## **Henry Albert Trust Fund**

### **Purpose and History**

The Henry Albert Trust Fund contains the interest income from the principal that is invested in an account held by the Treasurer of State. Henry Albert was the Director of the Department of Public Health from 1926 – 1930. When he died, he left \$1,000 to the state. These moneys are in a nonexpendable trust fund. The interest that the Trust Fund earns is credited to the Iowa Department of Public Health. Income from the Fund is to be distributed annually to the Iowa State Medical Society to be used for the promotion of public health.
